Acidophilus

Survives Stomach Acid

SHELF STABLE

Dietary Supplement

250 Capsules

SUPPLEMENT FACTS

Serving Size 1 Capsule

	Amount Per Serving	% Daily Value
Lactobacillus blend (*L.acidophilus* La-14, *L.bulgaricus* Lb-64)	500 million	*

*Daily Value not established

Other Ingredients: Capsule (gelatin, water), rice flour, cellulose, magnesium stearate and silica.

The combination of L. acidophilus and L. bulgaricus probiotic strains help to nurture and support healthy intestinal flora for good digestion.†

Our probiotic strains are stabilized using a patented poly matrix system (patent # 6,653,062) that provides shelf stability at normal room temperature. No refrigeration required.

Each **B**io-**E**nhanced, **A**cid **R**esistant **S**train (BEARS) has been specifically designed to survive stomach acid secretions during digestion. BEARS eliminates the need for enteric coating by preventing the destruction of viable cells that occurs when weaker strains are exposed to an acid environment.
