Caution: St. John's Wort may cause increased photosensitivity in some individuals. Use caution while taking this product during exposure to sunlight. If symptoms arise, discontinue the use of this product.

Consult a physician before using St. John's Wort with prescription drugs.

Our Standardized St. John's Wort Extract is manufactured under strict European quality control standards without the use of harsh chemicals. Like all European herbal extracts, the extraction of our St. John's Wort Extract is regulated to the same high standards as Over-The-Counter drugs. It is meticulously extracted to provide a standardized level of 0.3% naturally occurring Hypericin.

Our Standardized St. John's Wort Extract contains a full spectrum of components as they occur naturally in St. John's Wort.
