*Daily Value not established

Other Ingredients: Vegetarian capsule (modified cellulose, water), Organic Rice Hull Extract.

Rhodiola has been a part of traditional medicine in the cold climates of the northern hemisphere for millennia where it was typically taken as a tonic to increase energy and stamina. In recent decades the herb has been designated an "adaptogen" due to its ability to help the body and mind adapt to physical and mental stress. Studies show that the standardized compounds, rosavins and salidrosides, are responsible for its adaptogenic effects.†
