EYES, SKIN AND CARDIOVASCULAR SYSTEM†**

Dietary Supplement
60 Vegetarian Softgels

SUPPLEMENT FACTS

Serving Size 1 Vegetarian Softgel

	Amount Per Serving	% Daily Value
Astaxanthin (from Zanthin® brand <i>Haematococcus pluvialis</i> extract)	4 mg	*

*Daily Value not established

Other Ingredients: Vegetarian softgel (glycerin, non-GMO modified corn flour, carrageenan, sorbitol, purified water), extra virgin olive oil, mixed tocopherols, rosemary extract. Contains soy (a non-GMO source of natural tocopherols that are used to prevent oxidation).

Astaxanthin is one of nature's most potent antioxidants and free radical scavengers. It has the unique ability to cross the brain/blood barrier into cells in the eye and the nervous system, and is capable of preventing oxidative damage to both kinds of tissues. Astaxanthin is many times more potent than many common antioxidants, including Vitamins C and E, and beta carotene. In fact, one scientific study showed that astaxanthin is 6000 times better at neutralizing singlet oxygen free radical than Vitamin C.†

The eye protective benefits of astaxanthin are shown in US Patent No. 5,527,533.†

Zanthin® brand astaxanthin is made by a proprietary Supercritical CO2 process. Zanthin® is a registered trademark of Valensa.
