Children's Acidophilus

1 BILLION VIABLE CELLS PER TABLET

Survives Stomach Acid
SHELF STABLE • GRAPE FLAVOR
Dietary Supplement
60 Chewable Tablets

SUPPLEMENT FACTS

Serving Size 1 Chewable Tablet

	Amount Per Serving	% Daily Value
Proprietary probiotic blend (<i>Lactobacillus acidophilus</i> La-14, <i>Bifidobacterium lactis</i> BI-04, and <i>Lactobacillus salivarius</i> Ls-33)	12.9 mg (1 billion CFU†)	*

* Daily Value not established

Other Ingredients: Sorbitol, xylitol, natural flavor, stearic acid, cellulose, citric acid, silica, carrot root juice powder, hibiscus fruit powder, monk fruit extract powder.

‡ Colony Forming Units

Our probiotic strains are stabilized using a patented poly matrix system (patent # 6,653,062) that provides shelf stability at normal room temperature. No refrigeration required.

Each Bio-Enhanced, Acid Resistant Strain (BEARS) has been specifically designed to survive stomach acid secretions during digestion. BEARS eliminates the need for enteric coating by preventing the destruction of viable cells that occurs when weaker strains are exposed to an acid environment.

Children's Acidophilus is a high-potency, multiple species probiotic supplement. It provides three of the best probiotic strains for children in amounts that will support and nurture a healthy digestive system.†
