*Daily Value not established

Other Ingredients: Capsule (cellulose, water), cellulose, vegetable stearin, magnesium stearate and silica.

Resveratrol comes from *Polygonum cuspidatum* root, also known as Japanese Knotweed or Tiger Cane. Studies have shown that resveratrol supports a healthy heart and has the ability to activate the Sirtuin family of proteins. This activation is thought to mimic the anti-aging benefits of a reduced calorie diet and in turn help support the overall health of living cells.† A synergistic effect is provided by the addition of grape seed extract and its active compounds known as OPC's. This class of compounds has been shown to provide more antioxidant benefits than vitamin C and E.

+Leucoselect grape seed extract is made by Indena, one of Europe's leading herbal extract manufacturers. Leucoselect® a trademark of Indena USA, Inc.
